I hereby certify that this correspondence is being facsimile transmitted to the U.S. Patent and Trademark Office (fax no. 571-273-8300) on December 21, 2006.

Caleb Pollack, Reg. No. 37,912

The above identified non-provisional patent application, as filed, named two inventors. Prosecution of this patent application resulted in the amendment or cancellation of claims, so that fewer than all of the currently named inventors are the actual inventors of the invention being claimed in this non-provisional patent application.

The invention of Itamar WILLNER is no longer claimed in the present application. Accordingly, the name of Itamar WILLNER should be removed as an inventor of this patent application.

Please charge \$130.00 to Deposit Account No. 50-3355 for the fee under 37 CFR 1.17(i). No other fees are believed to be due. However, if any fees are due, please charge any such fees to Deposit Account No. 50-3355.

Respectfully submitted,

Caleb Pollack
